Need more reasons to apply for this exciting opportunity?

Read the following comments from student participates:

As soon as I arrived to the annual summer seminar, the great welcoming they gave me made me feel accepted and think that this was going to be a great week. The student strand provided me with enough information and resources on how to become a teacher and how important it is to be a teacher. All the group activities were great and we met incredible people with amazing inspirations.

Mireille and Peter were excellent motivators and everything was carefully planned.

We were offered precious opportunities for networking.

Thank you very much for this great opportunity!

The teacher interviews are an amazing idea.

Something I found particularly rewarding were the guest speakers who came to our student strand. I felt very encouraged by their words. The strand made me feel confident that I could succeed as a teacher

Mi nombre es Verónica Torres Torres, fui una de las estudiantes que asistió este verano a el seminario para maestros de lengua en Santa Bárbara. Le quería agradecer por su dedicación y tiempo con el "studentstrand". No pude haber sido asignada con mejores mentores que con Mireille y usted. El tiempo que pase en el clase me ayudo a conocerme mas, a conocer la labor de un maestro incluyendo sus altas y bajas y fue muy informativo. Uno de los aspectos que mas me sorprendió fue saber la cantidad de apoyo que existe para los maestros de lengua. Sin duda esta experiencia sobrepaso cualquier otra en su clase.

Posdata: ¡Muchas gracias por ser nuestro guía turista personal!

Bendiciones,

Verónica Torres Torres
